Mail to:

Bob Kocar

Richland Astronomical Society, Treasurer

722 Longfellow

Berea, OH 44017

Thank you so much for your support!!

Rules:

1. Your Saturday Pass entitles you to attend all lectures, vendors, activities and tours - but you are not permitted to use campground facilities. More than 75% of our full weekend fees are used to pay for the campground, so we simply cannot offer free camping for a day pass.

2. Your Saturday Pass will enable you to buy raffle tickets, join in the Silent Auction and take part in the Solar Filter Workshop (with a donation for the filter materials).

3. You are welcome to bring your own telescope and observe with others, but you must clear the observing field by midnight.

4. If you do not bring a telescope wish to stay beyond the lectures and activities and enjoy the view through the 31" Observatory scope and share the view through our various guest's telescope, you are welcome. But you must leave by midnight and you must park below the observing field so your car headlights do not disturb others when you leave.

5. Be a good neighbor and observe the rules of "No White Light" during the evening hours.

6. Promise to have a good time!
